I took one week of surf coaching with Ucup and progressed rapidly. Through different conditions, Ucup taught me about wave selection, positioning on take off, turns on the green wave and even a bit of cross stepping. I had a wonderful time and would highly recommend classes to take your surfing to the next level

First time I went to Batukaras, I got a warm welcome from this surf instructor, yes Ucup!... he is very professional at what he does, teaching beginner surfers clearly and patiently, and correcting your mistakes in and out of the water, he is very helpful for beginner surfers like me to get the best wave riding experience there, not only an instructor, but also a good friend when out of the surf lessons, that's why you should try learning with him, he does it all!
